

TS 350G PRO

Concrete Cutter

PRODUCT-INFORMATION

Technical Data

TS 350G PRO

Engine	Single-cylinder, 2-stroke-engine, air-cooled
Displacement	74 cm ³
Maximum engine power	3.5 kW at 8,000 rpm
Maximum speed of output shaft	9,500 rpm
Idle speed	3,000 ± 300 rpm
Petrol/oil mixture	1:40
Fuel tank capacity	1,1 l
Start system	Recoil starter
Max. cutting depth	125 mm
Diamond cutting wheel diameter	350 x 25.4 mm
Max. spindle speed	4,600 rpm
Sound power level L _{WA}	116 dB(A)
Weight (net / gross)	13 / 14 kg
Packaging (L/W/H)	700 / 245 / 425 mm

Art. No.: TS350GPRO

EAN: 40 47424 00584 2

INCLUDED

Equipment Features:

The LUMAG TS 350G PRO concrete cutter is the ideal machine for any construction site. With its powerful 74 cm³ 2-stroke petrol engine and an output of 3.5 kW, it delivers enough power for the toughest cutting jobs in stone (hard stone), concrete or asphalt. The 350 mm segmented diamond cutting wheel enables a cutting depth of up to 125 mm – perfect for precise cuts.

- Powerful 3.5 kW / 74 cm³ 2-stroke engine
- Ø 350 mm diamond cutting wheel
- Wet and dry cutting methods
- Garden hose coupling for wet cutting
- Water quantity adjustable via nozzles on the cutting wheel guard
- Rubberised front handle for a secure grip and precise cuts
- Replacement air filter and mixing container included
